## Mountain Stage

Where musicians come to play

Saturdays and Sundays at 5 p.m. (CT)

**Mountain Stage** guarantees listeners the best seats in the house. This two-hour weekly exploration of the exciting and spontaneous sound of live performance offers intelligent, contemporary music seasoned with traditional and roots artists. And the program occasionally takes a road trip to offer music lovers rare and special events as they happen.

**Mountain Stage** producers respect the musicians who keep traditions alive as well as the innovators who forge ahead. In addition to showcasing both established and emerging artists from the United States, **Mountain Stage** has featured artists from all over the world.

And because the show's producers

believe that all music is related, the show's guest list is the most stylistically varied of any national radio or television performance program. Over the years, guests have included Los Lobos, Alison Krauss, Phish, Muzikas (Hungary), Buddy Guy, Ali Farke Toure (Mali), John Trudell, Dr. John, The Del McCoury Band, Joan Baez, Barenaked Ladies, Randy Newman, Chucho Valdes (Cuba), Ralph Stanley, John Cale, Wilco, Bobby Blue Bland, The Indigo Girls, Altan (Ireland), Lucinda Williams, Joshua Redman, Loudon Wainwright III, Richard Thompson, Norah Jones and R.E.M.
