Teacher Training Institute

Administrator Statement of Support for Potential Master Teacher

To Administrators of Potential Master Teachers:

The following teacher, _____ has applied to become a Master Teacher for Prairie Public's Teacher Training Institute. Please complete this form and return it to the teacher. He/she is required to include this in his/her application packet. Thank you very much for your cooperation.

Dan Anderson
Education Services
Prairie Public

Dear Dan Anderson:

I have discussed the Teacher Training Institute project with _____ (teacher's name) and I understand the role of the Master Teacher in the planning and implementation of Prairie Public's Teacher Training Institute. The Master Teacher training/planning will begin in August 2011 and continue through the Institute in November 2011. During this time, Master Teachers are asked to try out lessons that teach STEM areas, utilizing video and other technologies. They are also asked to eventually mentor colleagues in the use of technology - based lessons.

If _____ is selected as a Master Teacher, I will support his/her involvement in Master Teacher training between August 2011 and November 2011. I will assure that our school's video and technology equipment is available as needed for this teacher's use in the classroom. I will seek to provide opportunities for this teacher to share innovative uses of technology in the classroom and strategies with his/her colleagues following this training period.
